

# Practicum Work for Consultants Accreditation

You have six months to complete your Practicum:

1. Organise and run the 1.5 day **Mentoring Programme** for two or more students.  
Read and demonstrate to your supervisor understanding of the **Mentoring Process**.
2. Teach the **Diversity Programme** to one person. Teach the **Diversity Programme** to a group of three or more people, ideally colleagues of each other. Share with your supervisor your learning from that teaching.
3. Maintain **twice-weekly Thinking Partnership sessions** outside of the class, using a minimum of three of these sessions as Mentoring sessions, and report on your progress to your supervisor.
4. Write a **learning journey essay**, reviewing your learning since first experiencing the Thinking Environment up to the present.
